Cultural SUITCASES

Teaching World Cultures in the Classroom

Cultural Suitcases are a great classroom resource for an introduction to geography or social studies unit. Materials are selected to help students connect with the culture of a specific country or region. Cultural suitcase items include arts and crafts, books and printed materials, clothing and textiles, food-related items, musical items, games, and other miscellaneous artifacts. The suitcases also include lesson plans and classroom activities to be used with the materials.
